# Welcome to the University of Wolverhampton

Welcome to the University of Wolverhampton and the start of your University experience, which we know will be both exciting and life-changing.

You are joining our diverse academic community of over 21,000 learners from all over the world, whose lives and future careers are being shaped by their studies with the University of Wolverhampton. We are a diverse and inclusive institution, extremely proud of the backgrounds and achievements of our students and staff. This pride is embedded in the University's DNA, and we are delighted that you have chosen to join us.

We will provide you with many opportunities to add value to your time with us. Whether you do so by joining a student society or one of our sports teams, or undertaking a work placement, I would encourage you to take advantage of these valuable options. Our engaging community of curious students has a wealth of experiences to learn from and share. You'll also benefit from our local, national, and international links, preparing you for a bright, profitable future.

Your time at University provides you with a unique opportunity to expand your global network that will stay with you well after graduation. We look forward to hearing and learning about your successes as a graduate and sharing your experiences to inspire the next generation of students.

Our Student Services, Students' Union, and your academic Schools will support you throughout your time with us. Please do not hesitate to contact us for advice and support, as we are here to help.

We are the University of Opportunity, and we wish you the very best during your time with us.

**Tim Steele**  
Pro Vice-Chancellor,  
Global Opportunities

## WELCOME FROM LORD PAUL

It is a great pleasure to welcome you all to the University of Wolverhampton. I would like to sincerely offer congratulations to every student who chooses our wonderful institution to study and better themselves and their prospects for the future.

Our students, graduates, and staff worldwide are the best ambassadors for the mission of this University, which is to enable our students to better themselves and whatever region and industry they next move on to.

The University of Wolverhampton has a long history of transforming the lives of people within its communities by increasing skills and widening aspirations. Our graduates enter a diverse range of interesting careers and further study across the world, and we look forward to celebrating your hard work and dedication at graduation following your studies with us.

I wish you all the best of luck as you take the next exciting steps on life's journey.

**The Rt Hon. Lord Paul of Marylebone, PC**  
Chancellor of the University of Wolverhampton

# ▶ A journey through the years

## The early years (1827-1899)

The roots of the University of Wolverhampton lie in the 19th century growth of Mechanics Institutes, which provided vocational and general education for working men, and The Wolverhampton Free Library. Teaching first began in 1851 at the School of Art.

## The post-war years (1945-1968)

The post-war 'boom' in education led to a growing demand for a variety of subject areas. In 1945, a music department opened and by 1966, with student numbers at over 6,000, the College began to provide Bachelor's degrees and the first ever degree ceremony was held. Meanwhile, at Walsall, a new West Midlands College of Education was created in 1963.

## The University of Wolverhampton (1992-present)

In 1992, Wolverhampton Polytechnic was granted university status and became the University of Wolverhampton. Each year over 4,000 students graduate from Wolverhampton. We continue to invest in our students, staff, alumni and in the local and international community.

## Early 20th century (1900-1944)

By 1903, an educational foundation had firmly been established with over 1,300 students studying courses including coach building, house painting and pattern making. The foundation stone of the Wulfruna Building was laid by HRH Prince George in 1932 and in 1933 the Wolverhampton and Staffordshire Technical College was born.

## Wolverhampton Polytechnic (1969-1991)

On 1 September 1969, the College was officially designated a polytechnic comprising five Faculties: Applied Science, Art and Design, Arts, Engineering, and Social Sciences – a further Faculty of Education was established in 1977. A merger with the West Midlands College of Education in 1991 led to the creation of what is now Walsall Campus, and further mergers with colleges led to the construction of an ambitious third campus in Telford.

In 2015, we were proud to unveil our most ambitious investment programme to date – a £250m plan for investment in education, training and supporting economic growth – that is supporting the University to grow to its greatest ever position of strength by 2020, through flagship projects like our new multi-million pound Springfield Campus.

## New developments

The University has expanded further in its offering in recent years. These include our Cyber Centre opened as a joint venture with Herefordshire Council, our £120m Springfield Campus providing courses and facilities focusing on architecture and the built environment, and the Marches Centre of Excellence for Health and Social Care on the Telford Campus.

We continue to invest in our students, staff, alumni and in the local and international community.

## Be part of our history

In 2027, we're celebrating our 200th year! As the milestone approaches, we're inviting our alumni to get involved and become an even bigger part of our history.

Your Alumni Association will be in touch with more information on upcoming opportunities. Stay up-to-date at: [wlv.ac.uk](http://wlv.ac.uk)

# ▶ A year in review 2020-21

It has been another exciting year for the University of Wolverhampton, marked by many notable developments and the achievements of our students, staff and graduates.

## New Marches Centre of Excellence for Health and Social Care

The new £5 million health and social care training centre opened at the University of Wolverhampton's Telford Campus in May 2021, ensuring that students have the skills and knowledge to benefit future employers.

## School of Architecture and Built Environment opens

Our impressive new building opened its doors at the Springfield Campus in October 2020, as part of a £120 million regeneration of Wolverhampton's former brewery site. The site covers 12 acres and will aim to help herald a new and thrilling era in construction education.

## National Brownfield Research Institute – work begins

Work has started on the University of Wolverhampton's National Brownfield Institute, which will be a world-class construction facility that will focus on practical methods of regenerating brownfield sites, through the pioneering work of professionals and research teams.

## Vision 2030

The University of Wolverhampton outlined its exciting strategic plan for the next 10 years, which includes offering a personalised approach to learning centred on individual students, research with clear benefits to society, and a network of science and innovation parks.

## Students launch fan club and design clothing in Mumbai for Wolves FC

Students studying University of Wolverhampton business programmes in Mumbai, India, have been working on projects set by Wolverhampton Wanderers Football Club to help bring the football club to the South Asian city.

The first project saw the students developing fan clubs, with one officially being launched and featured on Premier League World, while the current project is challenging students to design a fashion range suitable for the Indian market.

## Race Equality Charter

The University has been awarded a Race Equality Charter Bronze Award by Advanced HE, achieving national recognition, aiming to improve the representation, progression, and success of Black, Asian, and Minority Ethnic (BAME) staff and students.

## Knowledge Exchange Framework

Research England's Knowledge Exchange Framework (KEF) confirmed that the University is in the top 10% nationally for public and community engagement and also in the top 10% for local growth and regeneration.

## Sandwell Aquatics Centre

Students at the University of Wolverhampton will benefit from a partnership with Sandwell Council, centred on the Sandwell Aquatics Centre, giving Sports students the chance to study and train within the state-of-the-art aquatics centre.

## Judo partnership extended

The British Judo Association and the University's decade-long partnership collaboration will continue until 2032, which will see the introduction of more specialist facilities to support Olympic and Paralympic athletes based in the West Midlands.

# City of Wolverhampton

Wolverhampton has a colourful history stretching back to its foundation in 985AD by Lady Wulfruna, a prominent Staffordshire noble woman and a landowner, who was granted the land by King Æthelred II.

▶ **One of the fifty-six signatories of the American Declaration of Independence in 1776** was Button Gwinnett, a merchant who married Wolverhampton girl, Anne Bowne at St Peter's Church in 1757 before moving to America in 1762.

**The World Altitude Balloon Record** (without oxygen) of almost 11km (36,000ft) was set by James Glaisher and Henry Coxwell in September 1862, who took off from a site at Wolverhampton Science Park.

▶ **Queen Victoria's first public engagement since the death of Prince Albert** (in December 1861) was to Wolverhampton for the official unveiling of the statue of Prince Albert on his favourite horse, on Friday 30th November 1866. Known locally as "The Man on the 'Oss", the statue was created by sculptor Thomas Thornycroft and cost £1,150.

**Originally called the People's Park**, Wolverhampton's West Park was opened on 6th June 1881. The gates and railings around the park are the original Victorian ones: they survived being melted down for the war effort during WW2, unlike metal railings throughout the country.

**The first automated electric traffic lights** in England were originally located on an island in Princes Square in November 1927.

**Wolverhampton Civic Hall built in 1936-8** by architects Lyons and Israel in a Modernistic Classical style. It was inspired by Tengbom's Stockholm Concert Hall of 1920-26.

**Artist and museum curator, George Wallis, was born in Wolverhampton.** He was appointed a deputy commissioner for the Great Exhibition of 1851 – a crucial spark in the development of Schools of Art (like ours). The School of Art building was opened in 1970 by Sir Charles Wheeler: the celebrated sculptor studied at Wolverhampton School of Art (part of the University now). He also sculpted the statue of Lady Wulfrun outside St. Peter's Collegiate Church.

“

Wolverhampton has been ranked the best place to live in the UK, scoring top marks for all categories in our study. Communities are coming together to help each other more than ever.

”

Provident's Unbroken Britain Communities survey 2020

# Why choose the University of Wolverhampton?

We are committed to ensuring that you have a superlative student experience by providing a combination of high-quality teaching, personal support, research, informed curricula and exceptional teaching facilities.

Here are some other reasons why you should study with us.

University of Wolverhampton has been awarded 4 Stars overall.

**Accredited courses**  
Many of our courses lead students into full or partial professional accreditation.

**Long and successful history**  
We've been providing opportunity and academic excellence for over 190 years.

**QAA Commendation**  
We've been awarded a commendation – the highest accolade – in our most recent assessment by the Quality Assurance Agency.

**Affordable city**  
Make your money go further compared to other cities in the UK\*.

**Great transport links**  
We are based in the heart of the UK.

**87% graduate employability**  
Plus, 68% of our UK graduates were in highly skilled professions\*

**Investment**  
We're continually investing millions of pounds to improve student life, from courses to computers.

**World-leading research#**  
Our research has impact on your studies, and on real life.

#All of our Research Centres submitted in the most recent Research Excellence Framework exercise had world-leading elements.

# International partnerships

The University of Wolverhampton has established partnerships with a number of institutions worldwide. These partnerships enable students to study University of Wolverhampton courses in their own establishment.

The University works with an extensive network of transnational education (TNE) partners around the world that either:

- ◆ deliver University of Wolverhampton courses in-country, or
- ◆ offer courses which are accredited by the University.

We've been working successfully with international teaching organisations around the world for a number of years, providing partner institutions with further and higher education including:

- ◆ preparatory courses
- ◆ undergraduate and postgraduate taught programmes
- ◆ research and professional development programmes
- ◆ consultancy.

Our TNE partners offer a variety of courses across our three faculties.

Find out more about TNE opportunities at: [wlv.ac.uk/tne](http://wlv.ac.uk/tne)

# Our campuses

## CITY CAMPUS

City Campus includes buildings that are a proud part of our heritage, like the iconic Wulfruna Building, or George Wallis Building: home to the Wolverhampton School of Art (est. 1851). Make new discoveries in the Rosalind Franklin Building's state-of-the-art laboratories or get hands-on with cutting-edge technology in the Alan Turing Building.

Find a learning environment that inspires you to do great work – from mock wards and court rooms to media suites, you've got great facilities at your fingertips, whatever your subject. If you're looking for a spot of culture, catch a film or show at our very own Arena Theatre, or if yours is a business mind, flex it in the Lord Swraj Paul Building.

When it's time for a break, meet friends in the City Campus Courtyard, and grab a Starbucks or something tasty from the food court. You'll feel right at home here, whether it's Welcome Week or almost time to hand in your dissertation!

## SPRINGFIELD

The new home for the School of Architecture and Built Environment, our site at the former Springfield brewery is an impressive new addition to the city's geography. The grade II-listed building has been transformed into an extraordinary centrepiece on Europe's largest specialist construction and built environment campus. Visit: [wlv.ac.uk/springfield](http://wlv.ac.uk/springfield)

Images: (Opposite) City Campus courtyard. (Top left) Outside Alan Turing Building. (Top right) Ambika Paul Building. (Bottom) Aerial view Springfield (artists' impression).

England cricket captain and honorary graduate, Joe Root's visit

## WALSALL CAMPUS

At our Walsall Campus, you'll find the Performance Hub's dance and drama studios, Black Box Theatre and hi-tech recording equipment. Our extensive sports facilities include a new 3G pitch, the British Judo Centre of Excellence, and a Sports Centre.

You can learn to teach at Walsall, or prepare for a career in the health professions. Specialist lecture theatres and flexible IT facilities feature alongside mock hospital wards for a full, rewarding learning experience – and you can unwind after a long day in the Students' Union, featuring an on-campus bar.

Performance Hub

### Need to get from one campus to another?

We offer a FREE inter-campus shuttle bus service for students during term-time.

Show your student ID and get on board buses that are:

- real-time satellite tracked vehicles
- wheelchair accessible
- complete with Wi-Fi and USB ports.

Find out more at: [wlv.ac.uk/bus](http://wlv.ac.uk/bus)

## TELFORD CAMPUS

In the picturesque surrounds of our Telford Campus, you'll find some of our most advanced new facilities and equipment following recent investment.

It's home to engineering students working in specialist areas, including motorsport students who have opportunities to work on race cars as part of the University of Wolverhampton Racing Team. Provision at Telford has recently expanded to include adult nursing and paramedic science.

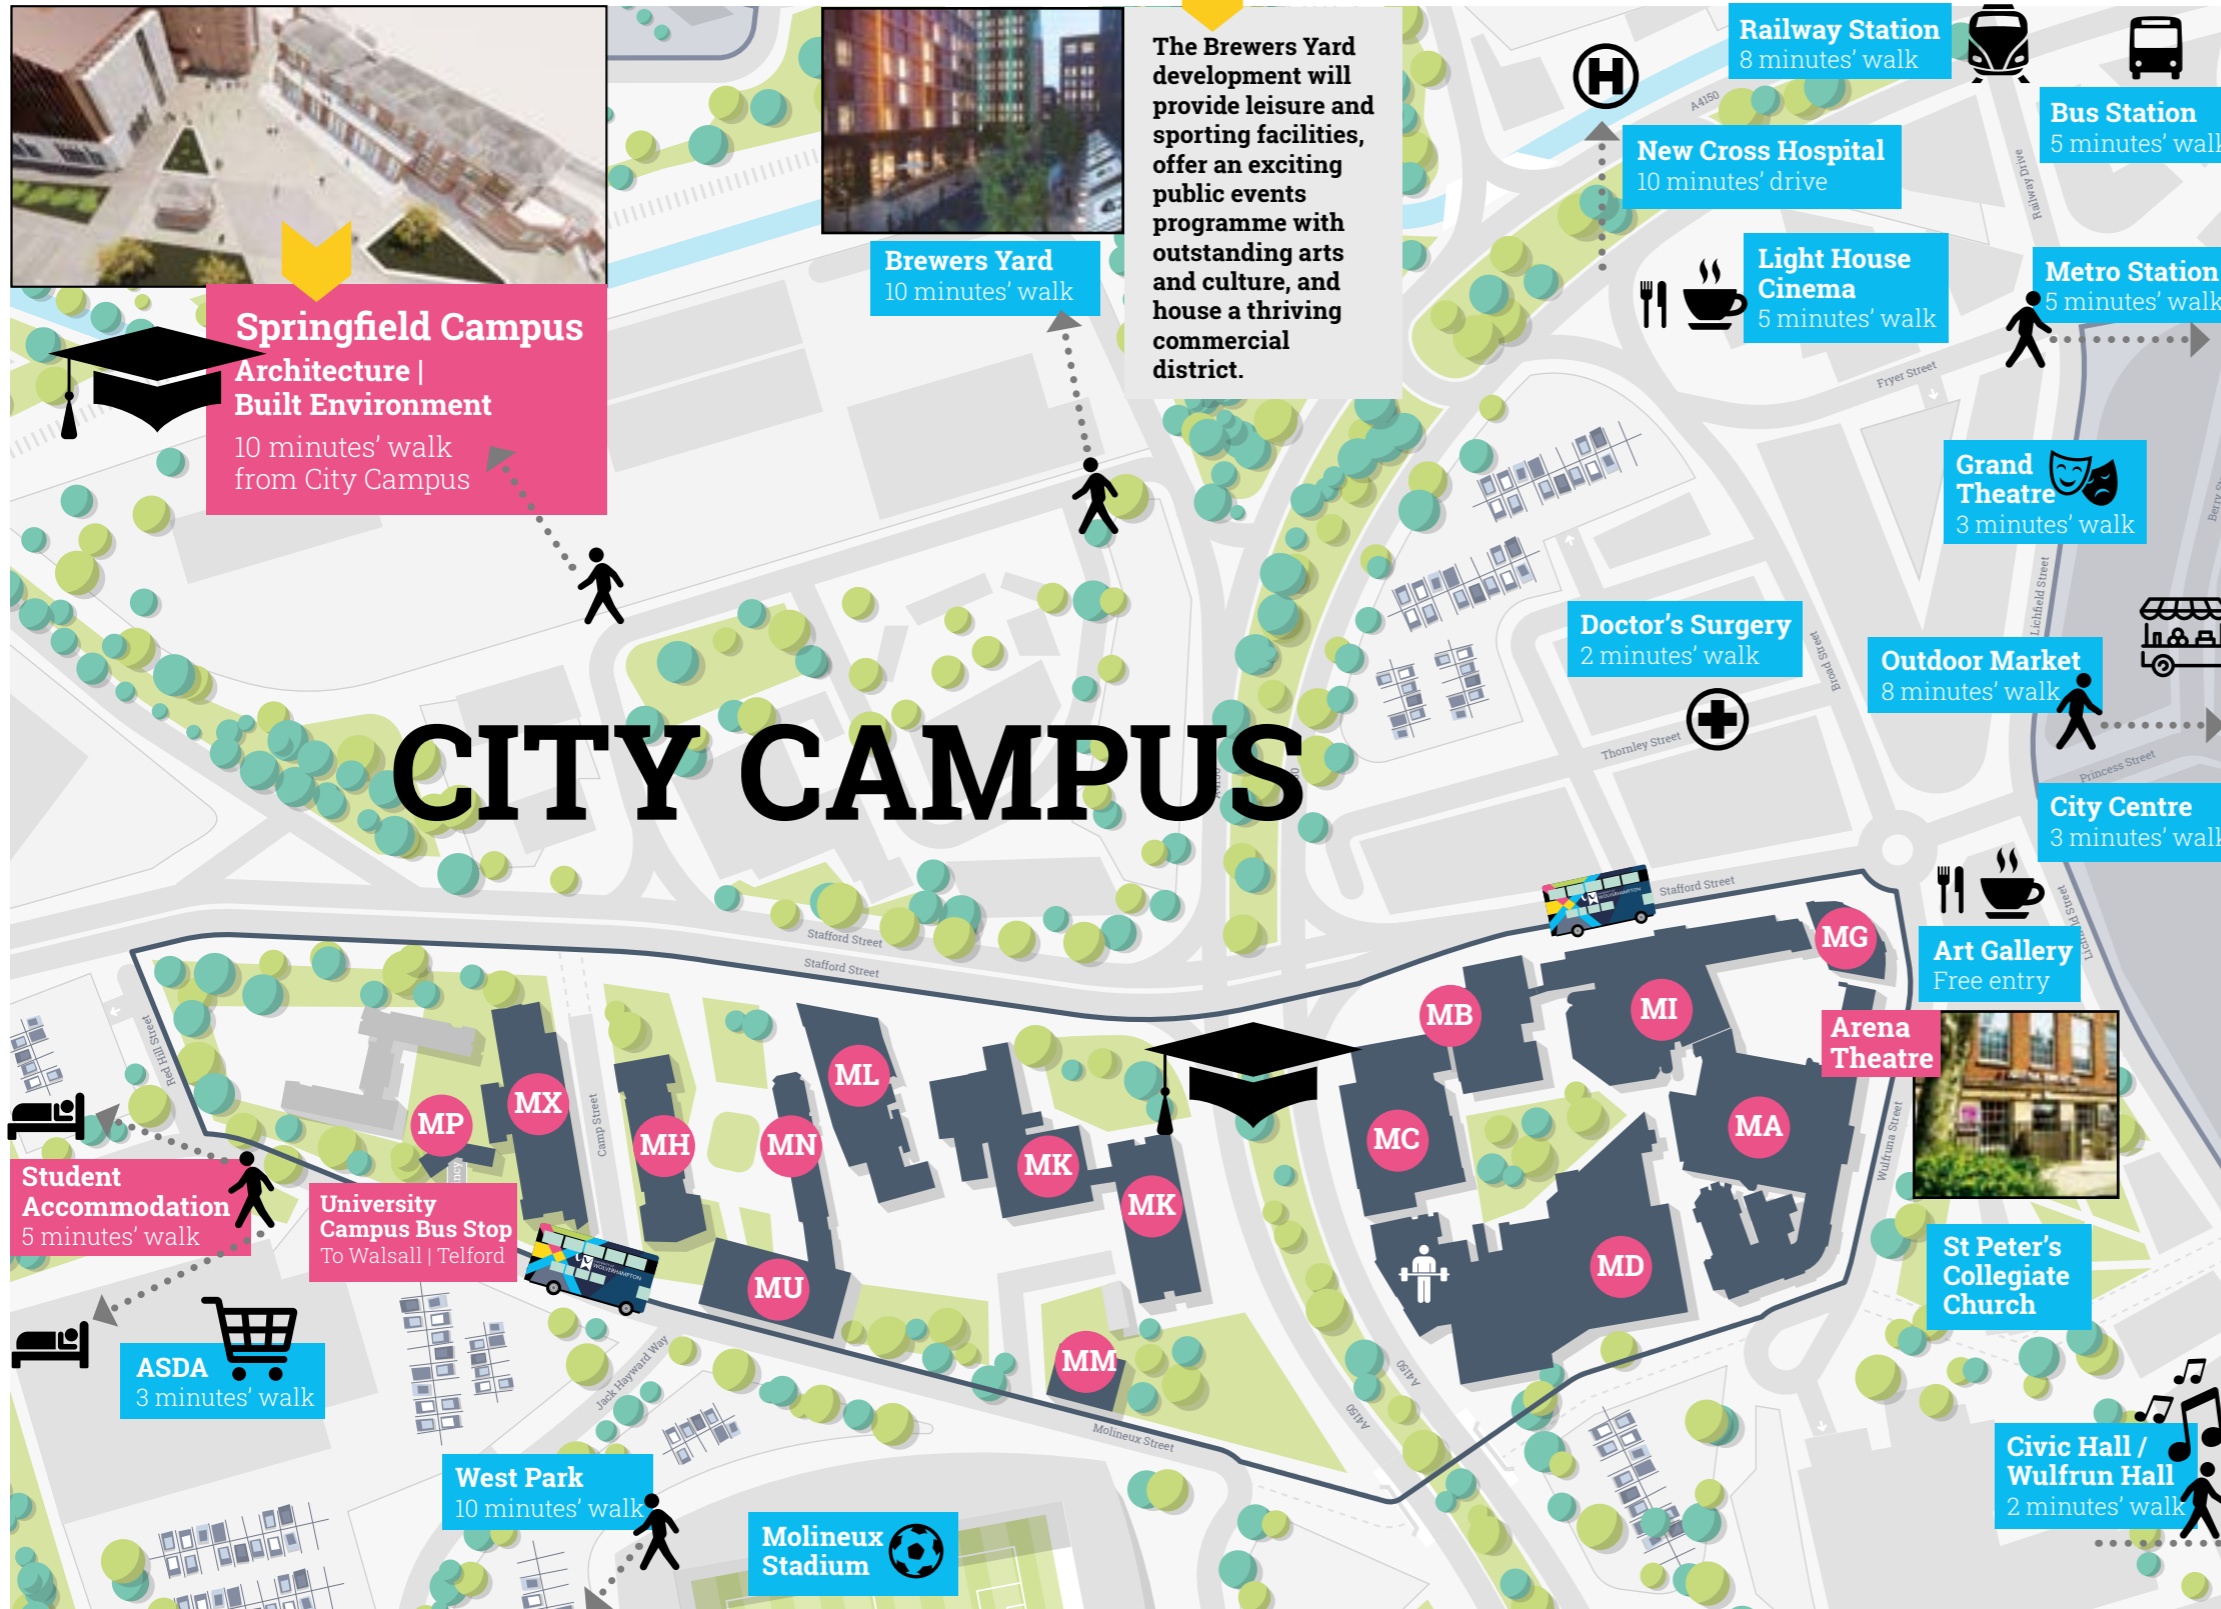

The campus is a home away from home for many of our international students. The International Academy at Priorslee Hall provides support at every level for students who need help in improving their English language proficiency.

# Our facilities

**Whatever your subject, you'll find your studies well-supported by our excellent teaching and learning facilities.**

### **Libraries**

Our libraries combine traditional library services with high-tech facilities, providing access to materials to aid you in your studies.

### **Media suite**

Our purpose-built media suite includes cutting-edge TV and radio studios and a sound-booth with full recording capabilities.

### **IT access**

There are over 3,800 PCs across our campuses for you to use, as well as specialist Mac suites and a wide range of subject-specific software for you to use.

### **Wolverhampton School of Art**

This iconic building's nine floors enclose specialist equipment, studios and workshops to help you develop and express your craft.

### **Rosalind Franklin Building**

The six-storeys of this state-of-the-art building provide purpose-built laboratories for all branches of science and a simulated community pharmacy.

Arena Theatre

School of Art printing press

Lecture theatre

### **The Performance Hub**

Prestigious All-Steinway School status and fully equipped to support you in your chosen performance discipline.

### **Mock hospital wards**

Our mock hospital wards offer hands-on teaching for nursing and midwifery students, allowing you to practise without peril on our simulation training mannequins.

### **Social psychology suite**

Psychology students can make use of our innovative Social Psychology Suite, complete with one-way mirror, viewing chamber and video cameras.

Telford Campus

### Motorsport workshops

Telford Campus is home to several motorsport and engineering courses, as well as the University of Wolverhampton Racing Team: engineering students can join the podium-topping team and get hands-on experience on the racing car.

### Mock court room

Law students can practise the art of litigation in our purpose-built mock court room, complete with judges' bench and witness box.

### Social learning spaces

You'll find a wide range of social learning spaces across campus, allowing you to learn and interact with others on campus, but outside the lecture hall.

### Sports Centre

As well as sports facilities, our Sports Centre at Walsall Campus is home to sports labs and a state-of-the-art DXA suite for sport, exercise and health-related research, including bone density testing.

Judo Hall, Walsall Campus

Recording studio at The Performance Hub

### Business School

Home to our Business School, the multi-million pound Lord Swraj Paul building houses an executive education suite, IT suite, consulting rooms and a variety of spaces tailored to your study needs.

### Springfield

The game-changing Springfield Campus is the new home for our School of Architecture and Built Environment, with an unprecedented vision for the future of the construction industry.

### Recording studios

Budding musicians can make use of The Performance Hub's two recording studios and additional live rooms, equipped to the highest professional standard.

“

My favourite place at the university is the library, the reading resources have been impressive and has professional staff to support you.

”

Adisa Omolara Halimat – Nigeria  
MSc Information Technology Management

# Our faculties

At the University of Wolverhampton, your course will be taught by one of our Schools or Institutes which form three faculties.

## Faculty of Arts, Business and Social Sciences

Offering a wide range of undergraduate and postgraduate courses, the Faculty's teaching excellence, innovative learning materials and first-class facilities create a vibrant and stimulating learning environment, allowing you to develop personally and professionally.

### Wolverhampton School of Art (Est.1851)

The School of Art builds on a long-standing history of design and media excellence, with courses shaped by the contemporary creative industries. The School offers the expertise and facilities to help you explore stories and develop your individual style as an artist, designer or maker.

### University of Wolverhampton Business School

Our Business School has a distinguished history of supporting business in the area. We were among the first in the country to offer MBA programmes, coaching and mentoring qualifications and have a tradition of innovation in developing courses which meet the needs of business.

### School of Humanities

Broaden your intellectual horizons and critically engage with ideas to develop your understanding of an increasingly complex global world. Stimulating courses are enriched by the research of our academic staff.

### University of Wolverhampton Law School

The Law School has over 30 years' experience of providing legal education to the highest standard, reflecting the latest legal developments. Our expertise is respected and highly valued by important players in the legal sector.

### School of Performing Arts

Explore your performance potential. The School of Performing Arts offers the perfect environment and state-of-the-art facilities for you to realise your ambitions and develop your craft.

### School of Social, Historical and Political Studies

The School has highly qualified and committed staff teaching a broad range of subjects in sociology, social policy, criminology, history, war studies and politics.

The Faculty also includes the Centre for International Development and Training, Centre for African Entrepreneurship and Leadership, and the International Academy.

“

Studying in Wolverhampton was a life changing experience, it has opened many doors to opportunities where I can no put my theory into practice. I have learned so many new ideas and skills from the experienced lectures.

”

Bansri Savjani – India  
MA Hospitality and Event Management

# Faculty of Education, Health and Wellbeing

The Faculty brings together four Institutes specialising in subject areas headed up by academic staff who are experts in their fields, with many courses accredited by recognised professional bodies.

The Faculty's outstanding facilities include the multi-million pound Sports Centre and advanced, purpose-built healthcare and teacher training buildings.

## Institute of Education

Offering a comprehensive range of nationally-recognised courses in education for future and current education professionals.

## Institute of Health

We have a range of courses including degrees with an integrated foundation year option. Our subjects include: Nursing, Community Health, Midwifery, Occupational Therapy, Paramedic Science, Physiotherapy and Podiatry.

## Institute of Human Sciences

Multi-million pound facilities, excellent links with industry, renowned and dynamic staff, interesting and challenging courses, and accreditation from the British Psychological Society add up to an excellent foundation for a wide range of careers.

## Institute of Society and Community

Our students benefit from extensive staff experience in healthcare at clinical, managerial and research levels. Research and development are viewed as an integral part of the Institute's activities, underpinning learning and teaching within all subject areas.

# Faculty of Science and Engineering

With a rich and long history of technology, teaching and local skills provision, the Faculty of Science and Engineering is committed to growing its base in science, technology, engineering and mathematics (STEM) and works closely with leading companies such as Morgan, Jaguar Land Rover, Moog and UTC Aerospace Systems.

## School of Architecture and Built Environment

Learn from industry experts who transfer their knowledge and hands-on experience in their respective fields. Courses are approved by multiple accreditors, ensuring that your learning is practical and relevant to current industry practice.

## School of Engineering

Our engineering degree courses have been developed in close consultation with industry practitioners so that you have the up-to-date technical knowledge and design flair to work in today's ever changing industry.

“  
I chose the University of Wolverhampton because it was one of a few universities offering the course I wanted to study. It's been great to meet students from all over the world.”

Ali Khan – Pakistan  
BEng Civil and Transportation Engineering  
(Graduated 2019)

## School of Mathematics and Computer Science

Mathematics and Computer Science are disciplines central to almost everything we do, from everyday finance to scientific discovery. Degree courses are accredited and excellent specialist facilities have been developed for our students.

## School of Medicine and Clinical Practice

We offer medical education and research opportunities for medical professionals working in the University of Wolverhampton footprint.

## School of Pharmacy

Studying Pharmacy, Pharmaceutical Science or Pharmacology will offer you an exciting and versatile learning experience leading to a prestigious and rewarding career path with many diverse opportunities.

## School of Sciences

Learn to understand how the human body functions and help to determine the impact biology, chemistry and forensic science will have in our future. Your science degree will give you a head-start in securing a rewarding career.

# Research

We're proud to be changing lives and making a difference through the inspiring work of our research community.

Our research profile continues to grow and receive global recognition thanks to the extraordinary work and dedication of our staff.

Our Research Centres and inter-disciplinary Institutes help to create an environment where scholars, students and our research collaborators have the freedom to explore ideas and make an impact through world-leading research.

## A thriving research community

At the University of Wolverhampton, our research activities impact positively on business, the environment, society – and our students.

Our work is helping advance knowledge and address real problems, such as the health of ageing populations, sustainable development, and furthering advances in COVID-19 testing.

We work with commercial and civil society partners, bringing together scholars for research projects, conferences, seminars, and knowledge exchange. In the last year, research projects have covered topics as varied as cybersecurity, working to reduce international drowning deaths, brain tumour research, and modernising teaching English as a foreign language.

## Research Excellence Framework

We look forward to reporting outstanding achievements from the Research Excellence Framework 2021, building upon our successes in 2014, when 41% of our submission was graded as world-leading or internationally excellent.

More subject areas and staff have been included, building upon our documented strengths in health, history, and particularly Communication, Cultural and Media Studies, and Library and Information Management, which was especially commended, ranking joint 5th in the UK.

“

Contrasting different educational systems, I concluded that the UK is my favourite country for studying.

The UK has put in evidence for me a worldly-wise conjunction of cultures and work frameworks that enrich significantly the learning experiences.

”

Hamlet Reynoso Vanderhorst  
– Dominican Republic, PhD Student

# Supporting you at WLV

We pride ourselves on the high-quality academic and career support given by our friendly learning, support, life on campus, and more. and approachable staff. From application to graduation and beyond, visit: [wlv.ac.uk/support](http://wlv.ac.uk/support)

## Spiritual support

The multi-faith Chaplaincy team are here to support you whether you are a person of faith or not. In particular, we support students with religious or cultural concerns as well as those who are feeling isolated or anxious. We also offer private and confidential conversations and support online, and over the phone. Whether you need a quiet place to gather your thoughts, a space to pray on any of our campuses or a chat over coffee, you are welcome. Get in touch on: **+44 (0)1902 322 903** or visit: [wlv.ac.uk/chaplaincy](http://wlv.ac.uk/chaplaincy)

## International Academy

Based at Telford Campus, our International Academy provides a welcoming home from home for international students, offering specialised support including English language proficiency. Learn more at: [wlv.ac.uk/ia](http://wlv.ac.uk/ia) or email: [ia@wlv.ac.uk](mailto:ia@wlv.ac.uk)

The International Academy also provides English language support for all on-campus foundation, undergraduate, postgraduate and research students whose first language is not English.

## Students' Union

Your Students' Union is here for ALL students, regardless of course, mode, or location of study. We're completely separate from the University and here to represent your academic interests, offer advice, and make sure your University experience is the best it can possibly be.

## Student societies

Societies are a great way for you to make the most of your spare time while at university. They are run by students, for students and hold meetings, day trips, activities and social events for you to get involved with. Societies are a great way for you to meet people who share the same interests or to try something new. Currently we have societies based around hobbies, religions, faiths, sports, causes and politics.

## Careers

Our team of careers advisors can help you investigate your future career options. We offer practical support at all stages of your job applications. For more details, visit: [wlv.ac.uk/careers](http://wlv.ac.uk/careers)

## Part-time working

As an international student, you may be able to work part-time during your studies, depending on what type of visa you have. Part-time work is valuable not only for financial support while you are studying, but also to enhance your CV and demonstrate transferable skills to potential graduate employers. Find out more by emailing: [visa-enquiries@wlv.ac.uk](mailto:visa-enquiries@wlv.ac.uk) or calling: **+44 (0)1902 322 545**.

## Mentoring

The Students' Union offers an orientation and mentoring service to first year students – with support from Welcome Week and beyond. Your mentor can help with issues such as personal development and time management; provide a friendly face to voice concerns; and offer you a chance to practise your English and settle into University life.

## University Library

Developing academic and employability skills is key to your success. We offer a full programme of opportunities to help you develop your skills and access to valuable information to support your assignments, essays and projects. For more details, visit: [wlv.ac.uk/skills](http://wlv.ac.uk/skills)

## Academic coaches

Academic coaches act as personal tutors to students, providing academic support and pastoral care, to improve engagement and facilitate independent learning whilst enabling students to gain transferable skills for future employment. You will meet your Academic Coach during Welcome Week and will be provided with contact information during your induction.

## Student Advisors

Each Faculty has their own advisors available, they are there to ensure that you have the best support.

## IT Essentials

When you enrol, you will be given your own WLV IT account and an [@wlv.ac.uk](mailto:@wlv.ac.uk) email address, giving you access to the virtual learning environment and other internal University systems. On the IT Services webpages, you can access a wealth of tools and services such as free Microsoft Office for the duration of your studies, a large variety of self-help guides and IT security support to help you stay safe online. For more information, visit: [wlv.ac.uk/its](http://wlv.ac.uk/its)

## Canvas

Canvas is where you can access your online learning materials, engage in module activities and collaborate with students and your lecturers. You will find information and activities related to your modules and programme of study, including co-curricular courses which support your learning. Visit: [wlv.ac.uk/canvas](http://wlv.ac.uk/canvas)

# Living in Wolverhampton

## West Park

Wolverhampton's award-winning West Park is a short walk from campus, and offers space to relax, play sport, play with the kids, and feed the ducks. If you're stretched for time, pop into Wolverhampton's Archive Gardens, a hidden gem beside Molineux Stadium.

West Park

## Giggles and goals

Whether you're taking part or watching the game, sports are a well-loved part of life. Head to the Sports Centre to get the low-down on the available facilities and classes or grab your mates for a night at the races. And when you're on City Campus, cheer on Wolverhampton Wanderers FC from the stands. If you are looking for a laugh instead of a game, check out who's on stage at Wolves Civic. Whether it's a local comedy night or rising stars from out of town, you'll certainly raise a smile. Alternatively, there are big name shows at Wolverhampton's Grand Theatre, where you'll also find drama, ballet, music, comedy, opera, and more.

Molineux Stadium

## Indulge your artistic side

Need a break? Head to Wolverhampton Art Gallery to find fossils, Old Masters' paintings and contemporary sculptures. Or find a great range of entertainment – as well as generous student discounts – at the University of Wolverhampton's Arena Theatre. Alternatively, head to the iconic Chubb Locks building to Light House's cinema, gallery, language cafés, and more.

Arena Theatre

## Bag a bargain

Wolverhampton has great shopping options. The Mander Shopping Centre and the Wulfrun Shopping Centre have everything you'll need for a day's browsing and buying. Explore the City of Wolverhampton Market with its range of tastebud-tingling ingredients before heading to Bentley Bridge Retail Park, where you'll get a student discount at the eateries and cinema.

# Accommodation

The University of Wolverhampton has over 1,000 accommodation places at all three of our campuses. All our halls of residence are located close to the campuses and are owned by the university. We aim to provide value for money accommodation, which is safe and a comfortable living environment.

Living in halls makes it easier for you to start your university life and make friends. All halls are self-catered and are equipped with free internet Wi-Fi access, study space and storage.

Students can apply for accommodation once they receive a conditional offer for their course, this can be done via the e-vision system. If you have any queries please contact email the Accommodation Hub [cityaccommodationhub@wlv.ac.uk](mailto:cityaccommodationhub@wlv.ac.uk) or call: +44 (0)1902 321 268.

Our accommodation is within easy walking distance from your lecture rooms or you can also use the free shuttle bus to get between campuses.

For student safety, there is 24-hour security, CCTV on every campus, and rooms fitted with smoke alarms and secure locks.

Applicants can find all the information about accommodation, including current fees, what's included, and how to apply at: [wlv.ac.uk/accommodation](http://wlv.ac.uk/accommodation)

## Accommodation fees (2022-23)

Campus/ type of accommodation	Weekly cost	37-week license (cost for an academic year)
City: standard	£92	£3,404
City: en-suite	£110	£4,070
Walsall: en-suite	£110	£4,070
Telford: en-suite	£104	£3,848

Did you know our graduates can access services from our Careers, Enterprise and The Workplace team for up to three years after graduating?

# 10 ways we enhance your employability

## 2. HANDS-ON EXPERIENCE

Employability is woven into our courses – for example, our engineering students get experience working on real race cars as part of the University of Wolverhampton Racing Team, and placements are an essential element of our Nursing courses.

## 3. PROFESSIONAL ACCREDITATION

Many of our courses attract accreditation from professional bodies, which is a stamp of approval that they meet the highest professional standards. Accreditations include recognition from marketing, business, finance, and travel sectors.

## 1. ROUTES TO SUCCESS

We pride ourselves on helping you to achieve your ambitions, so offer a wide variety of pathways – whether you're looking for a course with an integrated foundation year or already have your career mapped with an integrated Master's route.

## 4. BOOST YOUR CV

You don't need to wait until graduation – getting great professional experience, guidance, and CV advice is essential. Get your CV up to scratch during your studies, with opportunities and advice from our Careers, Enterprise and The Workplace teams!

## 5. CAREER DEVELOPMENT

Career development opportunities are embedded in your timetable providing hundreds of unique opportunities to gain amazing skills, insight and experience to boost your employability, including inspiring field trips and workshops.

## 8. INTERNATIONAL EXPERIENCE

We offer a range of opportunities to study and work abroad. It is a unique chance to boost your employability, learn new skills, immerse yourself into new cultures and gain experience that is highly regarded by employers.

## 6. WORK EXPERIENCE

Gain valuable experience through placements and part-time work on campus, building your experience from the moment you get here. Gain an edge over inexperienced applicants in your future job hunt.

## 9. VOLUNTEERING OPPORTUNITIES

If it's volunteering experience you're looking for, our Careers, Enterprise and The Workplace team has links with voluntary and community groups throughout the West Midlands to boost your experience.

## 7. YEAR IN INDUSTRY

If you choose one of our degrees that include a sandwich year placement (taking a typical three-year degree to four years), you can benefit financially and professionally from paid, real-world experience in your chosen field.

## 10. START-UP SUPPORT

We can help you achieve your entrepreneurial ambitions through our innovative SPEED project which aims to develop an entrepreneurial mindset and supports students starting their own businesses.

# Fees and funding

## What you need to know

Your tuition fee varies according to your chosen course, your level of study, and classification as either international or home student (which depends on your nationality and residency over the past three years).

To find out the cost of tuition fees for your chosen course, you can check the individual course page on our Course Finder: [wlv.ac.uk/courses](http://wlv.ac.uk/courses)

The table below outlines tuition fees cost for courses starting in 2022.

Study level/ method	2022/23
Undergraduate (Non-lab based)	£13,450
Undergraduate (Lab-based: FSE only)	£13,950
Postgraduate Taught (Non-lab based)	£14,450
Postgraduate Taught (Lab-based: FSE only)	£14,950
Postgraduate Taught (With Professional Placement)	£15,450
Postgraduate Taught full time courses Extended	£16,000
MA Social Work	£10,900

We advise all students to ensure they have read and understood the terms and conditions of the University of Wolverhampton Tuition Fee Policy: [www.wlv.ac.uk/about-us/governance/legal-information/policies-and-regulations/](http://www.wlv.ac.uk/about-us/governance/legal-information/policies-and-regulations/)

For more details, visit: [wlv.ac.uk/international/fees](http://wlv.ac.uk/international/fees)

## Deposits

All international applicants must pay a deposit before we can issue your Confirmation of Acceptance for Studies (CAS). The deposit amount varies depending on which country you are applying from. Please ensure you check your offer letter for more information. If you are unsure about your deposit fee, please contact us by emailing: [international@wlv.ac.uk](mailto:international@wlv.ac.uk)

## Other Costs

In addition to tuition fees, there may be further costs such as:

## Visa Costs

Information on visa costs can be found on the UKCISA website [ukcisa.org.uk](http://ukcisa.org.uk)

## Immigration Health Surcharge (IHS)

this fee has been introduced by the UK Government and you need to pay the healthcare surcharge if you're applying for a visa or immigration application for more than 6 months. Students will need to pay £470 per year, this charge will be applied when a visa application is made.

## Living costs

All students must provide UKVI with evidence they can pay their living costs, maintenance, and tuition fees.

- ◆ You will need to provide evidence of 9 months of living expenses at **£1,023** per month (**£9,207** per year).
- ◆ If your course lasts for less than nine months, you will need **£1,023** per month of the course (eg. for six months, you need **£6,138**). Remember: this is in addition to the outstanding balance of your tuition fees.
- ◆ If you will be bringing dependants with you to the UK, you will also need to meet a financial requirement as part of your visa application. Dependants are required to have **£680** per month (e.g. **£6,120** for a nine month course or **£4,080** for a six month course).

## Financial evidence

You must provide a bank statement that covers 28 days. The money must be in your bank account or your parents' personal account; it cannot be in any other relative or friend's account (unless they meet the UKVI definition of an official financial sponsor).

If you are using your parents' bank account, you will also be required to submit additional supporting documents with your application, such as your birth certificate and a letter from your parents confirming their relationship to you and that they give you their consent to use their account for funding your studies and living costs.

The money must be in the account at the time you apply for the visa and must have been constantly in the account for a minimum of 28 days before the date of your visa application. The final closing balance cannot be more than 31 days before the date of your visa application.

# Scholarships

The University of Wolverhampton is committed to investing in student talent from all over the world to create the best opportunities for students to reach their potential. We have a wide range of scholarships available to students who can demonstrate academic and personal excellence. Below are just some of the scholarship schemes available:

## Global Opportunities Regional Scholarships

The University of Wolverhampton has 20 scholarships of £3,000 per year for students from the following regions: Sub-Saharan Africa, Middle East and North Africa, East Asia and Pakistan, Europe, The Americas.

## Alumni Scholarship

All University of Wolverhampton graduates who choose to remain at the University for their postgraduate taught Programmes receive an Alumni Scholarship of £2,000. If you achieve a First Class degree, the Alumni Scholarship is valued at £3,000.

## Chevening Scholarship

University of Wolverhampton is proud to be a Chevening partner. Chevening is the UK Government's international awards scheme aimed at developing global leaders. Funded by the Foreign and Commonwealth Office (FCO) and partner organisations.

## Commonwealth Scholarship

The University in partnership with Commonwealth Commission are proud to offer the Commonwealth Shared Scholarship, the Scholarship is for MSc candidates from low and middle-income Commonwealth countries to spend 12 months at a UK university as part of their doctoral studies in their home country.

To find out about the scholarships opportunities available and the most up-to-date information please visit: [wlv.ac.uk/international/international-fees-scholarships](http://wlv.ac.uk/international/international-fees-scholarships)

“ Being granted a scholarship to study at the University of Wolverhampton means a chance for me to study in a country that offers worldclass education, gain knowledge and expertise to develop me as a person and a professional and also to give back to society. ”

Francisa Garfo – Ghana  
MSc Health and Social Care  
(Commonwealth Scholar 2020)

Note: Information relating to scholarships does change from time to time. While the University endeavours to keep this information as up to date as possible, it cannot be held liable for any inaccuracies.

# Visa and immigration

## Pre-Cas Interview

Some applicants may be required to attend a Pre-Cas Interview before they can apply for their CAS. Please contact us, if you are unsure whether you need to have an interview or visit the E:Vision portal for more information. To book your interview contact our pre-cas team [precas@wlv.ac.uk](mailto:precas@wlv.ac.uk)

## Visa/entry clearance

Immigration Rules and the requirements for each visa category can change with very little notice so always check the current guidance at the time you are getting ready to apply.

Generally, most international students will need a Student Route visa to study in the UK but please also check the Government's [Visas and Immigration webpages](#) as they have further details about the types of visas available and who they are suitable for.

Most nationals from non-EEA states who wish to come to the UK to study courses longer than six months are required to obtain a visa (also called 'entry clearance') before coming to the UK.

There may also be other requirements you need to meet, such as having a TB health certificate or Academic Technology Approval Scheme (ATAS) certificate. These requirements may depend on your nationality or the course you intend to study.

## When and how to apply

The application process will be online or paper-based, according to which country you live in. To check which procedure is relevant for you, please visit: [gov.uk/check-uk-visa](https://www.gov.uk/check-uk-visa)

You can apply for the visa at any time in the three months leading up to your course start date. Do not leave it until shortly before you travel to apply for your visa as it may take longer than expected to process the application. It is your responsibility to allow yourself enough time for your visa to be processed before you make your travel arrangements. Make sure you don't lose any information by saving your application regularly. Once you've finished, print a copy off for your records.

The application form is completed online and then you will need to attend an appointment in order to have your biometric data captured and to submit your documents/ attend an interview.

To apply for your Student Route Visa entry clearance overseas, you will need to find your closest Visa Application Centre and check with them what their procedure for visa applications is.

To apply for your student visa in the UK, you must first make an appointment with our Visa and Immigration Support team for an assessment of your documents. You will then be given assistance with the online application.

### Please remember other documents required (originals only) are:

- ◆ Your passport or travel document, valid for at least six months after your date of departure for the UK
- ◆ Two recent passport photographs
- ◆ Your CAS letter
- ◆ financial evidence to show that you have enough money to pay for your tuition fees and living expenses. This is equal to the remaining tuition fees you need to pay for the year, plus £1,023 per month for at least the first nine months of study.

## Your VISA responsibilities

If you hold a Student Route visa for study at the University of Wolverhampton, both you and the University have responsibilities to the Home Office during your studies and we must work together to make sure you meet the requirements of your visa.

Please note, it is a requirement of your visa that you attend your lectures and submit coursework. Failure to attend regularly and to submit coursework will result in your visa sponsorship being withdrawn, and your visa will be curtailed.

# How to apply: a 10-step guide

1

## Apply

There are two easy ways to apply:

- **Direct to the University** – complete and submit an online application form. You need to include your personal statement and scans of your original academic transcripts and certificates. We submit your application to UCAS on your behalf.
  - **Application via UCAS** – if you're applying for an undergraduate degree or a Higher National Diploma (HND), you can apply directly through the UK's Universities and Colleges Admissions Service (UCAS) at: [ucas.com](https://ucas.com)
  - **Application via an agent** – our in-country representatives can help you make your application and apply for a visa, and give advice on studying abroad.
- For more information about our agents in your home country, please visit [wlv.ac.uk/international/your-country](https://wlv.ac.uk/international/your-country)

2

## Get your offer

Providing that you have submitted all the correct information, you will receive one of the following decisions by email:

- **Unconditional offer** – You meet the entry criteria.
- **Conditional offer** – You still need to complete your current qualifications, or submit outstanding documents. Your place will be reserved until you meet the rest of the entry criteria.
- **Alternative course** – You do not meet the entry criteria for the course you applied for, but you are suitable for another course.
- **Reject** – You do not meet the entry criteria. We will always offer an alternative course where possible.

3

## Meet your conditions

- If you are holding an unconditional offer, you have already met all of the conditions and you will be eligible to proceed to apply for your visa at the appropriate time.
- If you have a conditional offer, then you will need to email your outstanding documents to [admissions@wlv.ac.uk](mailto:admissions@wlv.ac.uk) or upload them through your e:Vision account.
- If your offer is conditional on meeting the English language requirements, then you may want to consider a pre-session English course. Further information can be found on the International Academy website [ia@wlv.ac.uk](mailto:ia@wlv.ac.uk)
- Before we issue your CAS, you may be required to have a Pre-Cas interview. The purpose of the Pre-Cas interview is to ascertain that the student's intention to study in a university in the UK is genuine. To book your interview contact our pre-cas team [precas@wlv.ac.uk](mailto:precas@wlv.ac.uk)

4

## Accept your offer

If you're applying to us directly or through UCAS, log in to e:Vision or UCAS Track to accept your offer. If you're applying through an in-country representative, they'll do this for you.

5

## Book your accommodation

Once you have accepted your offer (conditional or unconditional), you will receive an email inviting you to book accommodation online.

6

## Request confirmation of acceptance for studies (CAS)

A CAS is an e-document and confirms that you have been accepted onto a full-time degree course at an educational sponsor in the UK. Once you have an unconditional offer and are within 3 months of the course start date, you will be able to request your CAS at which point further checks will be undertaken to check eligibility for visa.

7

## Arrange your finances and prepare your documents

You will need to arrange for the remainder of your fees (minus the deposit) and living costs to be in your, or your parent or legal guardian's, bank account for 28 consecutive days. You will also need to pay a healthcare surcharge, which is currently £470 per year of your course. You can find out more information and pay this charge online at: [gov.uk](https://gov.uk)

Depending on your country of domicile, you may also need to arrange for a TB (tuberculosis) test to be carried out. Depending on the course you have applied for, you may need to apply for an Academic Technology Approval Scheme (ATAS) certificate. For more information, search for 'applying for a student visa' at: [wlv.ac.uk](https://wlv.ac.uk)

8

## Visa and immigration

Once you've met the financial conditions and provided all relevant documents to the University, you will be issued with a CAS number and can then apply for your Student Route visa.

Depending on when you apply, you may need to use the visa priority service to ensure your application will be processed ahead of your arrival for Welcome Week.

If you have a conditional offer and do not meet visa conditions, a deposit refund can be requested subject to terms and conditions.

9

## Credibility interview

You may be invited to attend a credibility interview with the Home Office.

10

## Arrange your travel

Once you receive your visa, you can book your travel to the UK. See you in Wolverhampton!

Make sure you arrive in time for our International Welcome Week!

### Need help?

We advise you apply well in advance to allow plenty of time to arrange your visa, accommodation and deal with any other issues ahead of your studies. We can help.

For support and advice, contact our friendly team. Email: [international@wlv.ac.uk](mailto:international@wlv.ac.uk) or visit: [wlv.ac.uk/international/apply](https://wlv.ac.uk/international/apply)

# Meet our alumni

Stay in touch with your University and the friends you've made long after you've graduated with your dedicated Alumni Association.

When you graduate, you'll join a community of over 140,000 alumni worldwide.

## BENEFITS

- Free career mentoring from alumni professionals.
- Alumni scholarship for international students of up to £3,000 (terms and conditions apply).
- Special on-and off-campus discounts.
- Networking opportunities, reunions and social events.
- Free subscriptions to alumni publications, including Life magazine.
- Lifetime access to libraries and print resources.
- Three years' post-graduation careers support.
- Help with contacting and finding lost friends.

Email: [alumni@wlv.ac.uk](mailto:alumni@wlv.ac.uk)  
 Visit: [wlv.ac.uk/alumni](http://wlv.ac.uk/alumni)  
 Facebook: [@wlv alumni](https://www.facebook.com/wlv alumni)

I believe in representation as I think you can't be what you can't see. Be a champion for all those under-represented and a beacon of hope.

**Ibtisam Ali, BSc Health Studies**  
 Health Consultant, Society for Innovation, Technology and Modernisation

The great facilities and inspirational teaching boosted my experience as a student at the University of Wolverhampton.

**Kristian Thomas, BSc (Hons) Strength and Conditioning**  
 Former Team GB Artistic Gymnast - Olympic, World, European & Commonwealth Medallist

The future belongs to those who believe in the beauty of their dreams. Success is no accident, it is hard work.

**Mandeep Mattu, BSc Interior Architecture & Property Development**  
 Architecture Associate, TNM Design Group

Don't let them say, you will not make it. Only you decide your destiny.

**Tan Ikram, LLB (Hons)**  
 Deputy Senior District Judge (Chief Magistrate) Westminster Magistrates Court

Education and the University have been a mainstay in my adult life, the University has nurtured in me a critical gaze; one that seeks innovation and change.

**Clare Dickens, PG Cert: Higher Education and Professional Practice**  
 Senior Lecturer in Nursing Studies

The University of Wolverhampton and Counselling Psychology course gave me the growth and mindset I needed to live out my dreams.

**Jamille Matt, BSc (Hons) Counselling Psychology**  
 Professional Footballer

# Undergraduate and postgraduate courses A–Z programme index by Faculty

## Faculty of Arts, Business & Social Sciences

### Wolverhampton School of Art – Undergraduate Courses

- Animation (BA) with Foundation Year option
- Computer Games Design (BA) with Foundation Year option
- Fashion (BA) with Foundation Year option
- Film and Television Production (BA) with Foundation Year option
- Fine Art (BA) with Foundation year option
- Furniture Design (BDes) with Foundation Year option
- Glass and Ceramics (BA) with Foundation Year option
- Graphic Design (BA) with Foundation Year option
- Illustration (BA) with Foundation Year option
- Interior Design (BDes) with Foundation Year option
- Media (BA) with Foundation Year / Joint options
- Multimedia Journalism (BA) with Foundation Year option
- Photography (BA) with Foundation Year option
- Product Design (BDes) with Foundation Year option
- Textiles and Surface Pattern (BA) with Foundation Year option

### Wolverhampton School of Art – Postgraduate Courses

- Art & Design (MA by Research)
- Design and Applied Arts (MA)
- Digital and Visual Communications (MA)
- Film and Screen (MA)
- Film and Television Production (MA)
- Fine Art (MA)
- Public Relations and Corporate Communications (MA)

### School of Performing Arts – Undergraduate Courses

- Acting and Theatre (BA)
- Audio Technology and Production (BSc)
- Dance and Creative Performance (BA)
- Digital Production Arts Theatre (BA)
- Music (BA)
- Musical Theatre (BA)
- Popular Music (BA)
- Sound Production (BA) Top Up

### School of Performing Arts – Postgraduate Courses

- Audio and Creative Technology (MSc)
- Creative Practice and Performance (MA)
- Music Technology (MA by Research)
- Performing Arts (MA by Research)
- Performance Industries: Professional Development (MA)

### University of Wolverhampton Business School – Undergraduate Courses

- Accounting and Finance (BA) with Foundation Year option
- Business (HND)
- Business Management (BA) Foundation Year / Joint options
- Economics (BA) with Foundation Year / Joint options
- Human Resource Management (BA) with Foundation Year option
- International Business Management (BSc) with Foundation Year option
- International Hospitality Management (BA) with Foundation Year option
- Marketing Management (BA) with Foundation Year option
- Tourism Management (BA) with Foundation Year / Joint options

### University of Wolverhampton Business School – Postgraduate Courses

- Master of Business Administration (MBA)
- Finance and Accounting (MSc)
- Healthcare Leadership (MSc)
- Hospitality and Event Management (MA)
- Human Resource Development and Organisational Change (MSc)
- Human Resource Management (MA)
- International Banking and Finance (MSc)
- International Business Management (MSc)
- International Master of Business Administration (IMBA) with Professional Placement option
- Leadership and Management (MSc)
- Marketing Management (MSc)
- Professional Accounting and Finance (MSc)

### School of Humanities – Undergraduate Courses

- Creative and Professional Writing (BA) with Foundation Year / Joint options
- English (BA) with Foundation Year / Joint options
- English Language and Linguistics (BA) with Foundation Year / Joint options
- English Language and Literature (BA) with foundation year
- Philosophy and Religious Studies (BA)

### School of Humanities - Postgraduate Courses

- English (MA)
- Humanities (MA by Research)
- Popular Culture (MA)

### University of Wolverhampton Law School – Undergraduate Courses

- Law (LLB) with Foundation Year option
- Law with Joint Awards with Foundation Year

### University of Wolverhampton Law School – Postgraduate Courses

- LLM (Common Professional Examination) and by distance learning
- LLM International Corporate and Financial Law
- LLM (Law)
- LLM International Business Law
- LLM Professional Practice (Top up)
- Legal Practice Course (LPC)
- LLM Law and Human Resource Management

### School of Social, Historical and Political Studies – Undergraduate Courses

- Aviation Fire and Rescue (Distance Learning)
- Criminology and Criminal Justice (BA) with Foundation Year / Joint options
- Deaf Studies (BA) with Foundation Year / Joint options

- Physical Education and School Sport (BA)
- Sport Business Management (BA)
- Sports Coaching (BSc)
- Sport and Exercise Therapy (BSc)
- Sport and Exercise Science (BSc)

### Institute of Human Sciences – Postgraduate Courses

- Sport and Exercise (MRes)

## Faculty of Science & Engineering

### School of Architecture and Built Environment – Undergraduate Courses

- Architectural Design (HND)
- Architectural Design Technology (BSc) with Foundation Year option
- Architecture (BSc)
- Building Surveying (BSc)
- Civil and Transportation Engineering (BEng) with Foundation Year option
- Civil Engineering (HND, BEng, MEng)
- Construction and the Built Environment (HND)
- Construction Management (BSc) with Foundation Year option
- Environmental Health (BSc)
- Geography, Urban Environments and Climate Change (BSc)
- Infrastructure Engineering and Management (BEng)
- Interior Architecture and Property Development (BSc)
- Property Management and Real Estate (BSc)
- Quantity Surveying (BSc)

### School of Architecture and Built Environment – Postgraduate Courses

- Building Information Modelling (PG Cert)
- Building Information Modelling for Integrated Construction with Professional Placement option (MSc)
- Building Information Modelling (BIM) for Integrated Construction by Distance Learning (MSc)
- Civil Engineering Management (MSc)
- Civil and Structural Engineering (MSc)
- Construction Law and Dispute Resolution (MSc) with Professional Placement option (MSc)
- Construction Project Management (MSc) with Professional Placement option (MSc)
- Construction Project Management by Distance Learning (MSc)
- Offsite Housing Construction (MSc) with Professional Placement option (MSc)
- Oil and Gas Management with Professional Placement option (MSc)
- Programme and Project Management (MSc) with Professional Placement option (MSc)

### School of Engineering – Undergraduate Courses

- Aerospace Engineering (BEng and MEng) with Foundation Year option
- Automotive Engineering (BEng and MEng)
- Chemical Engineering (BEng) with Foundation Year / Joint options
- Electronics and Communications Engineering (BEng and MEng) with Foundation Year option
- Mechanical Engineering (BEng and MEng) with Foundation Year option
- Mechatronics Engineering (BEng and MEng)
- Motorsport Engineering (BEng or MEng) with Foundation Year option

### School of Engineering – Postgraduate Courses

- Additive Layer Manufacturing Technologies (MSc)
- Advanced Technology Management (Manufacturing, Sustainability, Engineering Analysis) (MSc)
- Manufacturing Engineering (MSc)
- Mechanical Engineering with Professional Practice option (MSc)

### School of Mathematics and Computer Science – Undergraduate Courses

- Artificial Intelligence and Robotics (BSc) with Foundation Year option
- Computer Networking (BSc) with Foundation Year option
- Computer Science (BSc) with Foundation Year option (Games Development, Software Engineering)
- Computing (BSc) Top-Up (Games Development, Software Development)
- Computer Security (BSc) Top-Up
- Computing and Information Technology (BSc)
- Cybersecurity (BSc)
- Data Science (BSc)
- Mathematics (BSc) with Foundation Year option (Physics, Finance)

### School of Mathematics and Computer Science – Postgraduate Courses

- Artificial Intelligence (MSc)
- Computational Linguistics (MA)
- Computer Science with Professional Practice (MSc)
- Cyber Security with Professional Practice (MSc)
- Data Science (MSc)
- Information Technology Management (MSc)
- Mathematics (MSc)
- Practical Linguistics for ELT, Lexicography and Translation (MA)

### School of Medicine and Clinical Practice – Undergraduate Courses

- Medical Science and Clinical Practice (BSc)

### School of Medicine and Clinical Practice – Postgraduate Courses

- Clinical Medicine (Speciality Medicine, Evidence Based Practice, Leadership and Management, Teaching and Learning) (MSc)

### School of Pharmacy – Undergraduate Courses

- Pharmaceutical Science (HND, BSc, MSci) with Foundation Year option
- Pharmacology (BSc, MSci)
- Pharmacy (MPharm)

### School of Sciences – Undergraduate Courses

- Animal Behaviour and Wildlife Conservation (HND, BSc or MSci)
- Applied Biology (HND)
- Biochemistry (BSc)
- Biological Sciences (BSc) with Foundation Year option
- Biomedical Science (HND, BSc) with Foundation Year option
- Chemistry (HND, BSc) with Foundation Year option (Chemical Engineering / Pharmaceutical)
- Chemical Engineering (BSc) with Foundation Year option (Chemistry / Pharmaceutical)
- Forensic Science (HND, BSc or MSci) with Foundation Year option (Policing)
- Genetics and Molecular Biology (BSc)
- Healthcare Science (BSc) (Physiological Sciences, Cardiac Physiology, Respiratory and Sleep Physiology)
- Medical Physiology and Diagnostics (BSc)
- Physics (BSc) with Foundation Year option

### School of Sciences – Postgraduate Courses

- Applied Microbiology and Biotechnology (MSc)
- Biomedical Science (Cellular Pathology, Clinical Biochemistry, Haematology, Medical Microbiology) (MSc)
- Chemistry (MSc)
- Fire Scene Investigation (MSc)
- Forensic Genetics and Human Identification (MSc)
- Forensic Science (MSc)
- Molecular Cell Biology (MSc)
- Wildlife Conservation (MSc)

## Contact us

Global Opportunities Office  
University of Wolverhampton  
Wulfruna Street  
Wolverhampton  
WV1 1LY
